SECTION 1: INTRODUCTION

This Manual is designed to acquaint employees with Westfields International School (WIS) and provide you with information about working conditions, benefits, and policies affecting your employment.

The information contained in this Manual applies to all employees of WIS. Following the policies described in this Manual is considered a condition of continued employment. However, nothing in this Manual alters an employee's status. The contents of this Manual shall not constitute nor be construed as a promise of employment or as a contract between the School and any of its employees. The Manual is a summary of our policies, which are presented here only as a matter of information.

Employees are responsible for reading, understanding, and complying with the provisions of this Manual. The objective is to provide employees with a work environment that is constructive to both personal and professional growth.

1.1 CHANGES IN POLICY

This Manual supersedes all previous employee manuals and memorandums that may have been issued from time to time on subjects covered in this Manual.

However, since the institution is subject to change, the department heads (Chief Operations Officer, Chief Information Officer, Academic Chancellor, Chief Finance Officer, Human Resources Manager, Registrar, Guidance Head, and Academic Heads) reserve the right to interpret, change, suspend, cancel, or dispute with or without notice all or any part of our policies, procedures, and benefits at any time. WIS will notify all employees of these changes. Changes will be effective on the dates determined by WIS, and after those dates all superseded policies will be null.

No individual supervisor or head has the authority to change policies at any time. Any employee who is uncertain about any policy or procedure should speak with their immediate supervisor.

1.2 EMPLOYMENT APPLICATION

WIS relies upon the accuracy of information contained in the employment application and the accuracy of other data presented throughout the hiring process and employment. Any misrepresentations, falsifications, or material omissions in any of this information or data may result in exclusion of the individual from further consideration for employment or termination of employment if the individual has been hired.

1.3 EMPLOYMENT RELATIONSHIP

Employees enter into employment voluntarily, and may resign with at least a 30-day notice due to reasons acceptable to WIS. Similarly, WIS is free to conclude its relationship with any employee at any time for reasons contained in this Manual and in compliance with the

labor code of the Department of Labor and Employment. Following the probationary period, employees are required to follow the Employment Termination (See Section 3.22).

SECTION 2: EMPLOYEES STATUS

"EMPLOYEE" DEFINED

An "employee" is a person who works for WIS on a wage or salary basis. "Employees" may include those employed full-time, part-time, and probationary by WIS and are subject to the control and direction of Westfields in the performance of their duties.

FULL-TIME STATUS

An employee is considered to be under full-time status if s/he is regularly scheduled to work for up to 48 hours per week. A full-time employee must not be employed nor be affiliated with any other company or institution unless granted with a written permit by WIS (See Section 3.11, Outside Employment).

PART-TIME STATUS

An employee is considered to be under part-time status if s/he is scheduled to work for less than 40 hours per week. A part-time employee must not engage in any activity that will have any conflict with the interests of WIS.

PROBATIONARY STATUS

An employee is under probationary status when his/her performance is being evaluated to determine further employment. WIS will give written notification to an employee of his/her status after s/he has been evaluated during the probationary period.

A. Teaching Status

An employee should undergo 3 consecutive school years from the date indicated in the contract to complete the probationary period. If the employee is employed within the first five (5) months of the school year, that school year will be considered as the first year of service. If the employee is employed after the 5th month of the school year that school year will not be considered as the first year of service. Teachers who are not yet licensed cannot be granted permanent status unless they pass the board exams or an international equivalent (e.g. Post Graduate Certificate in Education). Moreover, if the teacher has not yet passed the LET board exam within the probationary period, it will be the discretion of the WIS administration to continue / discontinue his/her employment. (The teacher will be regular after 2 years of service if he/she exceeds the teaching standards.)

Teachers without a teaching license will be given the pay increment (for LET passers or its international equivalent) the month after they pass the board exams. If a teacher does not pass his/her board exams within the 3-year probationary period, the status remains probationary.

B. Non-Teaching Status

An employee shall undergo 180 calendar days to complete the probationary period.

TEMPORARY STATUS

An employee is under temporary status if s/he is hired as an interim replacement to assist in the completion of a specific task or for vacation relief. Temporary employees retain that status until they are notified of a change.

SECTION 3: EMPLOYMENT POLICIES

3.1 NON-DISCRIMINATION

In order to provide equal employment and advancement opportunities to all individuals, employment decisions at WIS will be based on merit, qualifications, and abilities. WIS does not discriminate in employment opportunities or practices because of race, color, physical attributes, religion, gender, sexual orientation, national origin, age, or disability.

WIS will make reasonable accommodations for qualified individuals with known disabilities unless doing so would result in an undue hardship. This policy governs all aspects of employment, including selection, job assignment, compensation, discipline, termination, and access to benefits and training.

Employees with questions or concerns about discrimination in the workplace are encouraged to bring these issues to the attention of their supervisor and human resources manager. Employees can raise concerns and make reports without fear of reprisal. Anyone found to be engaging in unlawful discrimination will be subject to disciplinary action, including termination of employment.

3.2 NON-DISCLOSURE/CONFIDENTIALITY

The protection of confidential business information is vital to the interests and success of WIS. Such confidential information, in compliance with the Data Privacy Act of 2012, includes, but is not limited to the following:

- compensation data,
- financial information,
- marketing strategies,
- pending projects and proposals,
- grades and other students' school records,
- addresses and telephone numbers of students and employees,
- employee payroll records,
- CCTV files,
- conversations between any persons associated with WIS and
- teaching resources

All employees are required to sign a non-disclosure/confidentiality agreement as a condition of employment.

Employees who improperly use or disclose confidential information will be subject to disciplinary action, including termination of employment and legal action, even if they do not actually benefit from the disclosed information.

Access to CCTV files should be duly approved by the department head of the requesting party under the following circumstances: security, theft, damage of property, bullying, threat, harassment, and any other conditions deemed necessary by the administration.

3.3 NEW EMPLOYEE ORIENTATION

Orientation is a formal welcoming process that is designed to make the new employee feel comfortable, informed about WIS, and prepared for their position. New employee orientation (Employee Manual) is conducted by the Human Resource Officer. This includes an overview of the school history; an explanation of the philosophy, core values, vision, mission, goals, and objectives. In addition, the new employee will be given an overview of benefits, legal requirements, and other employment conditions.

The employee is informed of procedures needed to navigate within the workplace. The immediate supervisor introduces the new employee to WIS staff, reviews their job description and scope of position, explains the school's evaluation procedures, and helps the new employee get started on specific functions.

3.4 WORK HOURS

The Non-Teaching Office Personnel (NTOP) must complete 48 hours a week excluding breaktime.

Full-Time Teaching Personnel and Academic Non-Teaching Personnel must complete 35 hours (8:00 AM – 3:00 PM) a week including breaktime.

Part-Time Teaching Personnel must complete the hours agreed as stipulated in the contract.

Student Support Services (SSS) Personnel must complete 48 hours a week excluding breaktime following a shifting schedule (7:00 am – 5:00 pm). The remaining hours will be rendered every Saturday (8:00 am – 11:00 am).

Anything beyond the prescribed work hours will be subject to approval by the Administrative Heads. Minor changes with the schedule must be approved by the immediate heads and the Human Resource Manager. Major changes in the schedule must be approved by the Chief Operations Officer and Human Resource Manager in writing based on the need of the institution provided that the required work hours are met each day.

3.5 LUNCH PERIODS

An employee is allowed a one-hour lunch break. Lunch breaks generally are taken between the hours of 11:00 a.m. and 2:00 p.m. on a staggered schedule so that an employee's absence does not create a problem for co-workers or clients.

3.6 BREAK PERIODS

WIS allows a fifteen-minute break in the morning and in the afternoon based on a predetermined schedule.

3.7 PERSONNEL FILES

An employee personnel file includes the following: test results, résumé, credentials, medical and government documents, records of disciplinary action, and documents related to employee performance reviews, coaching, and mentoring.

Personnel files are the property of WIS and access to such information is restricted to administrators or authorized personnel of WIS. With reasonable advance notice, the employee may review his/her personnel file with the Chief Operations Officer and Human Resource Manager, consent in the presence of the Human Resource Manager.

3.8 PERSONNEL DATA CHANGES

It is the responsibility of each employee to promptly notify his/her immediate supervisor and the Human Resource Manager of any changes in personnel data, such as:

- PRC license or other credentials,
 - “Immediate salary change after passing the exam”
- mailing address,
- contact numbers,
- change of civil status,
- name and number of dependents, and
- individuals to be contacted in the event of an emergency.

An employee’s personnel data (including credentials) should always be accurate and current.

3.9 WORK SUSPENSION

At times, emergencies such as severe weather, fire, health risks, or power failure can disrupt **school** operations. The decision to suspend work for employees in different departments will be made by the Administrative Heads. Individual employees will receive official notification from their immediate supervisors.

Typhoon

When there is a typhoon, WIS will strictly adhere to typhoon signals declared by PAG-ASA:

- Rainfall Warning Yellow and/or signal number 1 – No Classes for Preschool students.
- Rainfall Warning Orange and/or signal number 2 and above – No Classes for Grade School and High School students.

No work for all personnel except the Safety Officer and the SSS Personnel.

Heat Index

Westfields will only cancel face-to-face classes if the local government mandates us to do so. The management reserves the right to decide who will report to work.

Earthquake

Should there be an earthquake, with a magnitude of 4.5 on the Richter Scale, work will automatically be suspended. Conversely, if an earthquake with a magnitude of less than 4.5 shall occur, the School Engineer and Safety officer shall assess the structures in the school. Should the School Engineer and Safety officer deem the school structure is compromised, school operations will be suspended otherwise, school operations will resume.

Emergencies

Teachers, advisers, and academic heads will only be allowed to leave once all of their students were sent home or picked up. The Safety Officer with the assistance of the Human Resource Manager, and SSS personnel will inspect the facilities and assets before leaving the school grounds.

WIS will also follow the DepEd Advisory and/or local/national government advisories on suspension of classes and work.

3.10 EMPLOYEE PERFORMANCE EVALUATION AND CONFERENCES

Performance evaluations (formal and informal) are designed for the supervisors to assess the employee's current job tasks, encourage and recognize attributes, and enumerate positive, purposeful approaches for meeting work-related goals. Conferences between the employee and supervisors are held to discuss ways in which the employee can accomplish goals or learn new skills. These conferences may be planning sessions for the employee and his/her supervisors to make and agree on new goals, skills, and areas for improvement.

Teacher's Evaluation

Teachers' classroom instruction is evaluated at least twice every semester (at least one informal and one formal observation). The teachers are evaluated by 2 of the following: subject leads, head of the department, human resources, academic chancellor. A teacher should get a rating of satisfactory to pass the observation. A teacher who gets a rating lower than satisfactory will be closely monitored and given technical assistance. Unsatisfactory performance during any observation will be interpreted as inefficiency.

NTOP Evaluation

A non-teaching office personnel is evaluated twice a year (December and June) by their immediate supervisor. By June, they will be evaluated by all personnel with lines of coordination.

Head's Evaluation

The department heads are evaluated annually (June) by all personnel with lines of coordination.

All Staff

As part of their evaluation, all Westfields Staff should turn all Westfields-related documents over to their respective heads in softcopy via corporate network storage system. Department heads shall ensure the integrity of each document before completing the staff evaluation.

3.11 OUTSIDE EMPLOYMENT

An employee may hold an outside job in non-related businesses or professions or accept projects (not in conflict with school's interests) as long as the employee is given permission by the Administrative Heads and Human Resources Manager. The employee is expected to meet the performance standards of their job description with WIS. Unless an alternative work schedule has been approved by WIS, employees will be subject to the company's scheduling demands, regardless of any existing outside work assignments. WIS office space, equipment, and materials are not to be used for outside employment or projects.

3.12 SAFETY

WIS provides information to employees about workplace safety and health issues through regular internal communication such as:

- Training Sessions
- Team Meetings
- Bulletin Board Postings
- Memorandums
- Written Announcements
- Verbal Communications

Each employee is expected to obey safety rules and exercise caution in all work and school activities (in and off campus). Each employee must immediately report any unsafe condition to their immediate supervisor and Safety Officer. Any employee who violates safety standards, causes hazardous or dangerous situations, or fails to report, or where appropriate, remedies such situations, may be subject to disciplinary action including termination of employment.

In the case of an accident that results in injury, regardless of how insignificant the injury may appear, employees should notify their immediate supervisor (See Section 3.14, Employee Requiring Medical Attention).

3.13 HEALTH-RELATED ISSUES

An employee, who becomes aware of any health-related issue, including pregnancy, should notify his/her immediate supervisor and the Human Resource Manager of his/her health status. This policy has been instituted strictly to protect the employees. A leave of absence may be granted upon the discretion of the Human Resource Manager.

A written certificate from a medical doctor may be required at the time or shortly after notice has been given. The doctor's certificate should specify whether the employee is able to perform regular duties as outlined in his/her job description or, in the case of communicable diseases, the certificate should specify whether the employee is permitted to work around people.

3.14 EMPLOYEE REQUIRING MEDICAL ATTENTION

In the event an employee requires medical attention, whether injured or becoming ill while at work, the employee may be advised to see a doctor or go to the hospital.

If a situation arises where emergency medical attention is required, WIS will immediately transport the employee to the nearest hospital.

A clearance from a physician may be required before an employee goes back to work after having received medical care.

3.15 BUILDING SECURITY

An employee who has been issued keys to access equipment or rooms is responsible for their safekeeping in accordance with the Accountability Form.

The last employee, or a designated employee, who leaves the office or the classroom at the end of the day assumes the responsibility to ensure that all doors are securely locked; air condition turned-off, all appliances and lights are turned-off.

Teachers and ANT are not allowed to stay inside the campus after 5:00 PM while all other employees are not allowed to stay inside the campus after 7:00 pm without prior written authorization from the Administrative Heads. Employees must occupy one room (**preferably their faculty room**) during after-hours.

3.16 PERSONAL EFFECTS

WIS assumes no liability for any loss or damage to personal property.

3.17 UNAUTHORIZED TRANSACTIONS/REPRESENTATIONS

An employee shall not incur any expense on behalf of WIS or bind WIS by any promise or representation without written approval by the President, Chief Finance Officer, and Administrative Heads. All accounting-related transactions, including fundraising, must be coursed through the cashier for proper documentation and safekeeping.

3.18 EXPENSE LIQUIDATION/REIMBURSEMENT

An employee must liquidate cash advances within five (5) working days, unless otherwise exempted in writing by the President, Chief Finance Officer, and Administrative Heads. Expenses incurred will be reimbursed within three (03) regular business days upon receipt of the necessary documents, regardless of the amount. A requisition form (Appendix 8.6) must be duly filled out and approved for the request of the cash advances, and the liquidation form with necessary receipts and documents must be submitted to the disbursement officer.

3.19 PARKING

Employees must park their vehicles in areas indicated and provided by the School (Appendix 8.7).

3.20 VISITORS IN THE WORKPLACE

Employees may entertain visitors only when it does not interfere with their tasks or duties and at no time will a visitor be allowed in a classroom during class hours. An employee shall be held liable for any misconduct or damage caused by his/her visitor/s. All visitors should sign in at the business office to receive their visitor's pass. Visitors in improper attire should not be given access to the school premises.

Note: Enrolled preschool children of Westfields employees must hire their own caregiver and coordinate to the HR department.

3.21 IMMIGRATION LAW COMPLIANCE

Non-Filipino citizens employed by WIS must secure the necessary documents as required by the Bureau of Immigration of the Philippines.

3.22 EMPLOYMENT TERMINATION

Termination of employment is an inevitable part of personnel activity within any organization, and many of the reasons for termination are routine. Below are some of the most common circumstances under which employment is terminated:

- **Resignation** – voluntary employment termination initiated by an employee. An employee must give at least a 30-day written notice if s/ he intends to resign from WIS.
- **Layoff (Retrenchment)** – involuntary employment termination initiated by WIS for non-disciplinary reasons.
 - Employees will be notified at least a month before the effectivity of the 6-month temporary retrenchment period without pay. After this period, the employee will be notified whether s/he will be reinstated or be permanently retrenched with separation pay.
- **Termination** – involuntary employment termination initiated by WIS.
 - Due process will be conducted as stipulated in section 4.12 (Corrective Actions) of this manual.
- **End of Contract** – it's the School's prerogative to renew the contract of the employee.

Since employment with WIS is based on mutual consent, both the employee and WIS have the right to terminate employment at will, with valid cause during the Introductory/Probationary Period for New Employees (See Section 3.3, New Employee Orientation). An employee shall buy back his/her contract (period of the number of months S/he signed) if S/he wishes to leave the school anytime within the school year.

Any employee who terminates employment with WIS shall return all files, records, keys, and any other materials that are property of WIS. No final settlement of an employee's pay will be made until all accountability are returned or submitted in appropriate condition. The cost of replacing unreturned items or properties will be deducted from the employee's final salary. Furthermore, any outstanding financial obligations owed to WIS will also be deducted from the employee's final salary.

Employee's benefits will be affected by employment termination in the following manner:

- All benefits that are due and payable at termination will be paid.

SECTION 4: STANDARDS OF CONDUCT

CODE OF DISCIPLINE

No sanction may be imposed upon an employee except for cause and in accordance with the rules and regulations herein provided. Employees who commit and/or violate any of the following rules, regulations and policies may be disciplined in accordance with the table set forth (see Section 4.12) hereunder after due investigation and establishment of guilt according to proper procedure.

Depending on the employee's record and the circumstances of the given situation, the management may take corrective/disciplinary measures in the following forms:

COUNSELING

The concerned employee will undergo counseling with our staff well-being coordinator as the case may be.

VERBAL WARNING

The concerned employee is subject to a conference with his/her supervisor, and HR head. S/he shall be informed of a possible violation for committing an offense.

The HR will issue a note for reference.

WRITTEN REPRIMAND

The issuance of a written reprimand formally calls the attention of the concerned employee regarding a rule which s/he may have violated and warned him/her that the same shall not be repeated.

SUSPENSION

If the employee fails to respond positively to the warning letter or commits an offense that immediately warrants automatic suspension (see table in Section 4.12). Once suspended, the employee will not report to work and will not receive any pay.

- **PREVENTIVE SUSPENSION** – may be issued to temporarily remove the erring employee from the school campus due to his/her wrongful exercise and to prevent the possibility of exerting undue influence or pressure on co-workers or tampering of documents and school properties in his/her office. It is not a penalty but rather a preventive measure. In the course of the investigation, the employee should be placed under preventive suspension for a period of not less than 3 days and not more than 30 days until the decision of the **GRIEVANCE COMMITTEE** has been reached. The grievance committee must be composed of the concerned department heads, Head of Guidance, Human Resources Manager, Academic Chancellor and Chief Operations Officer.

- **PUNITIVE SUSPENSION** – is a penalty imposed after the erring employee was given the chance to be heard. A maximum of one year may be imposed depending on the gravity of the offense committed.

DISMISSAL

An employee who continues to violate rules despite warning and suspension may be discharged from employment.

Similarly, an employee who commits a major offense may be dismissed at the first occurrence. Because of the severity of the offense, s/he cannot be given another chance.

All employees are expected to follow the rules and standards faithfully in doing their own jobs and conducting official business. Any employee who deviates from these rules and standards will be subject to the appropriate disciplinary action/s (See Section 4.12, Corrective Action).

While not intended to list all the forms of behavior that are considered unacceptable in the workplace, the following are examples of rule infractions that may result in disciplinary action, including termination of employment:

- theft, inappropriate removal, or unauthorized possession of property not belonging to the employee;
- borrowing of money from parents, guardians, or students;
- falsification of report cards/grades, documents, and/or timekeeping records;
 - failing to submit or falsifying submission of documents pertinent to tests, results, and/or school records (including, but not limited to, reporting of students' grades)
- working under the influence of alcohol or illegal use of drugs;
- possession, distribution, sale, transfer, or use of alcohol or illegal use of drugs in the workplace or at any time while employed
- bullying, fighting, or threatening violence in the workplace;
- boisterous, disruptive, or inappropriate activity in the workplace;
- negligence or improper conduct leading to damage of property and/or image of the school;
 - fraternizing with students and/or parents;
 - drinking alcohol with students;
 - socializing with students outside the school premises;
 - disparaging or saying negative comments about the school, its employees or students
 - enticing unjust dissent or inciting conflict;
 - creating a hostile work environment;
 - posting/sharing of inappropriate content;
 - exhibiting inappropriate public image;
- providing false information;
- insubordination or disrespectful conduct;
- violation of safety or health rules;

- smoking/vaping in the workplace or within 100m;
- any form of harassment (e.g. cyber, verbal, physical, sexual, and others);
- absenteeism or absence without notice;
- unauthorized use of telephones or cellphones;
- unauthorized use of school equipment for purposes other than official school business (i.e. playing games on computers or personal internet usage);
- unauthorized disclosure of confidential information in accordance with the Data Privacy Act 2012; or
- performing below baseline standards.

4.1 ATTENDANCE/PUNCTUALITY

Tardiness and absenteeism place a burden on other employees and on the School. WIS expects that every employee will be punctual and productive in his/her assigned post during official work hours.

If an employee is running late or is unable to report for work for any reason, it is his/her responsibility to notify his/her immediate supervisor before his/her official time.

An employee is considered habitually tardy for three consecutive days (3) regardless of number of minutes.

An employee who accumulated multiple tardys during the school year regardless of the number of minutes, please refer to table 4.12.

If an employee leaves the school before the end of his scheduled duty, he/she will be considered undertime. This will result in salary deduction based on the unrendered work hours. A duly accomplished and signed leave form must be approved by the department head and Human Resource Manager.

The employee's attendance will directly affect his/her performance review.

Employees must at all times be accountable to the school's stakeholders, serve them with utmost responsibility, integrity, loyalty, and efficiency. As punctuality is a virtue, absenteeism and tardiness are impermissible. Moral obligations, the performance of household chores, traffic problems, health conditions, and domestic and financial concerns are not sufficient causes to excuse habitual tardiness.

If an employee is running late or is unable to report for work for any reason, it is his/her responsibility to notify his/her immediate supervisor before his/her official time.

4.1.1 TRIP TICKET

Employees are allowed a maximum of 2 hours once a week to leave the school premises during their break for personal matters. A duly accomplished and signed trip ticket must be approved by

the department head and Human Resource Manager. The school assumes no accountability for any untoward incident that may occur during their absence.

4.2 ABSENCE WITHOUT NOTICE

If an employee does not report for work without notice, s/he will be considered absent without notice.

4.3 LEAVE FORMS

An employee is required to file a duly accomplished leave form before the date(s) unless in unforeseen cases wherein the leave will be filed within three business days upon return to work. Failure to file a duly accomplished leave form constitutes Absences Without Official Leave (AWOL) without pay.

Vacation leave should be filed three days before the date. Failure to give due notice for substitution and endorsement of tasks may result in disapproved leaves (unpaid).

The department heads and the Human Resource Manager have full discretion to determine the validity of the purpose of leave.

4.4 HARASSMENT

WIS is committed to providing a work environment that is free of discrimination and harassment. Actions, words, jokes, or comments made on an individual's gender, race, ethnicity, age, religion, or any other legally protected characteristic will not be tolerated.

An employee who is privy to any incident of harassment should raise concerns and report it to the Administration without fear of reprisal. The Committee on Decorum and Investigation (CODI) Administration will then handle the matter appropriately in a timely and confidential manner in accordance with RA 7877 (Appendix 8.10).

WESTFIELDS

INTERNATIONAL SCHOOL

In addition, all of the company's internet-related resources are provided for business purposes. Therefore, the company maintains the right to monitor the volume of internet and network traffic, together with the internet sites visited. The specific content of any transactions will not be monitored unless there is a suspicion of improper use.

Sanctions

If the employee is found to have breached the policy, they will face a disciplinary penalty ranging from a verbal warning to dismissal. The actual penalty applied will depend on factors such as the seriousness of the breach and the employee's disciplinary record. Refer to the HR for current DOLE ruling.

Bring Your Own Device Policy

This policy establishes Westfields International School guidelines for employee use of personally owned electronic devices for school and work-related purposes.

Employees of Westfields International School may have the opportunity to use their personal electronic devices for school and work purposes when authorized in writing, in advance, by the employee and management. Personal electronic devices include personally owned cellphones, smartphones, tablets, laptops and computers.

The use of personal devices is limited to certain employees and may be limited based on compatibility of technology. Contact the IT Department for details.

Procedure

Device protocols

To ensure the security of Westfields International School information, authorized employees are required to have anti-virus and mobile device management (MDM) software installed on their personal mobile devices. This MDM software will store all company-related information, including calendars, e-mails and other applications in one area that is password-protected and secure. Westfields International School's IT department must install this software prior to using the personal device for work purposes.

Employees may store company-related information only in this area. Employees may not use cloud-based apps or backup that allows company-related data to be transferred to unsecure parties. Due to security issues, personal devices may not be synchronized with other devices in employees' homes. Making any modifications to the device hardware or software beyond authorized and routine installation updates is prohibited unless approved by IT. Employees may not use unsecure Internet sites.

Personal devices should be turned off or set to silent or vibrate mode during meetings and conferences and in other locations where incoming calls may disrupt normal workflow.

Restrictions on authorized use

While at work, employees are expected to exercise the same discretion in using their personal devices as is expected for the use of company devices. Westfields International School policies

WESTFIELDS

INTERNATIONAL SCHOOL

pertaining to harassment, discrimination, retaliation, trade secrets, confidential information and ethics apply to employee use of personal devices for work-related activities.

Excessive personal calls, e-mails or text messaging during the workday, regardless of the device used, can interfere with employee productivity and be distracting to others. Employees must handle personal matters on nonwork time and ensure that friends and family members are aware of the policy. Exceptions may be made for emergency situations and as approved in advance by management. Managers reserve the right to request employees' cellphone bills and use reports for calls and messaging made during working hours to determine if use is excessive.

Nonexempt employees may not use their personal devices for work purposes outside of their normal work schedule without authorization in advance from management. This includes reviewing, sending and responding to e-mails or text messages, responding to phone calls, or making phone calls.

Employees may not use their personal devices for work purposes during periods of unpaid leave without authorization from management. Westfields International School reserves the right to deactivate the company's application and access on the employee's personal device during periods of unpaid leave.

An employee may not store information from or related to former employment on the company's application.

Family and friends of employees should not use company-issued devices for personal purposes.

Privacy/Company Access

No employee using his or her personal device should expect any privacy except that which is governed by law. Westfields International School has the right, at any time, to monitor and preserve any communications that use the Westfields International School's networks in any way, including data, voice mail, telephone logs, internet use and network traffic, to determine proper use.

Management reserves the right to review or retain personal and company-related data on personal devices or to release the data to government agencies or third parties during an investigation or litigation. Management may review the activity and analyze use patterns and may choose to publicize these data to ensure that Westfields International School, Inc.'s resources in these areas are being used according to this policy. Furthermore, no employee may knowingly disable any network software or system identified as a monitoring tool.

Safety

Employees are expected to follow applicable local laws and regulations regarding the use of electronic devices at all times. Employees whose job responsibilities include regular or occasional driving are expected to refrain from using their personal devices while driving. Regardless of the circumstances, including slow or stopped traffic, employees are required to pull off to the side of the road and safely stop the vehicle before placing or accepting a call or texting. Special care should be taken in situations involving traffic, inclement weather or unfamiliar areas.

Employees who are charged with traffic violations resulting from the use of their personal devices while driving will be solely responsible for all liabilities that result from such actions. Employees who work in hazardous areas must refrain from using personal devices while at work in those areas, as such use can potentially be a major safety hazard.

Lost, Stolen, Hacked or Damaged Equipment

Employees are expected to protect personal devices used for work-related purposes from loss, damage or theft.

In an effort to secure sensitive company data, employees are required to have “remote-wipe” software installed on their personal devices by the IT department prior to using the devices for work purposes. This software allows the company-related data to be erased remotely in the event the device is lost or stolen. Wiping company data may affect other applications and data.

Westfields International School will not be responsible for loss or damage of personal applications or data resulting from the use of company applications or the wiping of company information. Employees must immediately notify management in the event their personal device is lost, stolen or damaged. If IT is unable to repair the device, the employee will be responsible for the cost of replacement.

Employees may receive disciplinary action up to and including termination of employment for damage to personal devices caused willfully by the employee.

Termination of employment

Upon resignation or termination of employment, or at any time on request, the employee may be asked to produce the personal device for inspection. All company data on personal devices will be removed by IT upon termination of employment.

Violations of policy

Employees who have not received authorization in writing from Westfields International School management and who have not provided written consent will not be permitted to use personal devices for work purposes. Failure to follow Westfields International School policies and procedures may result in disciplinary action, up to and including termination of employment.

4.11 PROCEDURE FOR GRIEVANCES AND COMPLAINTS

Differences of opinions, misunderstandings, complaints, grievances, and personality clashes inevitably occur in any institution from time to time. Since WIS is an academic community, such conflicts are best settled through sincere dialogue and discussion.

Informal Settlements

A grievance or any serious disagreement is considered settled informally after the two parties concerned have worked out their differences themselves with the immediate supervisor acting as a mediator.

Formal Settlements

Any formal complaint against any member of the school community should be expressed in writing. Only when it is expressed in writing shall a formal procedure take place.

- Stage 1 The employee who has a grievance or complaint shall submit this in the first instance to the immediate supervisor. The adverse party will then be required to answer the grievance or complaint within a period of 72 hours from the time of receipt. The immediate supervisor shall have the discretion to require the complainant to reply within a period of 72 hours upon receipt. The immediate supervisor must decide on the matter in writing within a period of 72 hours, furnishing copies to the complainant and the adverse party.
- Stage 2 The grievance or complaint shall be brought to the attention of the Human Resources Manager concerned in writing who shall act on the complaint within a period of 72 hours. The Human Resources Manager acts on the complaint on the following grounds:
- if the employee is dissatisfied
 - if the matter is not within the competence of the supervisor to deal with; or
 - if it concerns a general issue of interpretation.

If still unresolved, the case must be endorsed to the grievance committee. The ruling will be based on the recommendations of the grievance committee and shall be final and irrevocable.

4.12 CORRECTIVE ACTION

WIS holds all of its employees to certain work rules and standards of conduct. When an employee deviates from these, WIS expects the employee's supervisor and/or Human Resource Manager to take corrective action. That is, the action taken in response to a rule infraction or violation of standards follows a pattern increasing in seriousness until the infraction or violation is corrected.

The typical sequence of corrective actions includes an oral reprimand, a written reprimand, suspension without pay, demotion of level, and finally termination of employment.

Though committed to a progressive approach to corrective action, WIS considers certain serious rule infractions and violations of standards as grounds for immediate termination of employment.

Determination of appropriate penalty will take into consideration:

- nature of the offense
- position of the employee – i.e., managerial employee/leadership role=stiffer penalty
- degree of damages
- past records of the employee
- length of service of the employee-i.e., longer service is an aggravating circumstance

Schedule of Sanctions for Offenses

Any WIS employee (administrator, faculty member, guidance personnel, non-teaching office staff, and maintenance personnel) who commits any of the following offenses on campus or off-campus may be disciplined in accordance with the rules and regulations set forth after due process:

Legend:

1=Counseling

2=Verbal Warning

3=Written Reprimand

4=Suspension Without Pay (duration may vary from 1-30 days)

- Within a school term, three (3) consecutive offenses that have warranted verbal or written reprimands will correspond to the suspension on the third offense.
- The day(s) of suspension will depend on the number of offenses committed. A minimum of 3 days per offense may be given depending on the gravity.

5=Demotion of Category

6=Termination (subject to legal action)

In all cases, the gravity of the offense is considered in determining the sanction. The escalation of corrective actions for minor and major offenses resets every school year including the summer term. However, if an employee received 3 level 4 corrective actions (suspension without pay) for minor and major offenses regardless of the school year, his or her behavior will be categorized as Undermining a School Policy or Practice (More Serious Offense). The corrective actions for serious and more serious offenses are accumulative.

The administration and Chief Operations Officer implement the sanction upon the recommendation of the immediate supervisor and/or Human Resource Manager.

6.1.9 SPECIAL LEAVE BENEFITS FOR WOMEN AND THEIR CHILDREN (RA 9262)

A. Coverage

VAWC leave benefits are leave credits extended to covered female employees who have been the victim of violence under R.A. 9262, and who may want whenever they take a leave from work, so that they remain paid during such absence from work. The benefit consist of ten (10) working days of leave credit with full pay. Thus, female employees who have been subjected to violence, including their children, by their romantic partner, whether male or female, are entitled to use this leave credits with full pay at her own discretion. ("R.A. 9262, otherwise known as the "Anti-Violence Against Women and Their Children Act of 2004")

B. The benefit

The benefit consist of ten (10) working days of leave credits with full pay. This benefit may also be extended depending on the protection order that may be issued by the Barangay or the Court.

Furthermore, the aforementioned benefit is equal to the basic salary, including mandatory/ or integrated allowances. The pay shall not be less than the minimum wage. However, the law does not specifically require that the covered female employee use the said leave credits for a specific purpose. Hence, she may use it for personal recovery such as attending to her mental health and well-being.

C. Conditions for entitlement

The only condition for the entitlement is that: the female employee must present a Certificate of Pending Action as proof that an action is pending relative to the violence, issued by either the Brangay or the Clerk of Court.

D. Non-Convertible to cash

The benefit is not convertible to cash. Thus, the covered female employee is unable to convert the leave of credit into cash if they are unused by the end of the year. This is due to the purpose of VAWC leave credit which is to afford the covered female employee the opportunity to attend to any legal, medical, or personal concerns in relation to the violence that was committed against her or her children in context of R.A. 9262.

E. Non- Cumulative

The benefit is not cumulative. This means that the covered female employee cannot add the unused leave credits for when she has been subjected to violence in the context of R.A. 9262 in order to add such leave credit to any subsequent incident.
